## Comments from Reviewer 1

Evaluation	Grade
	Please give a grade of 5, 4, 3, 2, 1 (high to low)
Contribution to existing knowledge	4
Organization and Readability	4
Soundness of methodology	4
Evidence supports conclusion	4
Adequacy of literature review	4
Renewal of Issues	4
<b>TOTAL SCORE</b>	<b>24</b>

### Weaknesses

The paper does not explicitly present their main contribution . The paper also has no explicit implication section detailing what the stakeholders should do to improve the service trade to realize the IJEPA benefit.

Since the paper is in English, the title on each reference should be in English first, then inside parathesis the title of original language.

### Suggestion to Author (s)

The authors should explicitly present their main contribution .  
The authors should present explicit implication section detailing what the stakeholders should do to improve the service trade to realize the IJEPA benefit.

The authors should write the title on each reference should be in English first, then inside parathesis the title of original language.
